The information called for was regarding the suggestion of the Nagrai Subdn. to have the proposed Vaisya chattram built outside the temple premises. A site selected to the south of the temple has been approved by the Vaisyas and a statement has been given by them to the effect. This site is now proposed to be acquired at Govt. cost and handed over to the Vaisyas. No information is available in the records as to the ownership of the site selected and what the probable cost of its acquisition would be. The Dy: Comr. says that if the site selected is approved by Govt., steps would be taken to acquire the same from the temple funds.

Subd. for orders

8/9/19 The Vysyas cannot prove their title to the buildings now in their & they are within temple premises. The question will now arise as to why the cost of acquiring the site for a Vysya Chattram should be debited to temple funds.

Any how info: as to the ownership of the site & the cost of acquisition may if approved be called for.

Sir,

Adverting to your office memorandum No.1585/Muz.102-13-4 dated 11th December 1913, calling for report on the petition of Kachiah Chetty and other Vaisya inhabitants of Chikballapur and adjacent places praying that the grounds adjoining the musafirkhana at Nandi shown in the enclosed sketch may be handed over to them to enable them to rebuild a chattram for the use of the people of their own community resorting to the place, during the Jatra I have the honor to state that I inspected the present building referred to during my jamabandi of the Taluk in April 1915. It is in a dangerous condition and needs immediate attention. It is -- occupied by the petitioners once a year during the jatra for about 4 or 5 days.

2. As the petitioners have now come forward to demolish the present structure and construct a spacious building for their use at the time of the jatra at a heavy cost, their prayer may be granted. If a building ~~is~~ be constructed in accordance with the plan submitted by them, in place of the present stone mantap, it will not only beautify the temple grounds but will also obviate the necessity of incurring any expenditure out of the temple funds for the purpose of improving the present mantap, which o account of it's longneglected condition is sure to require a considerabl sum of money.

3. The vernacular file of correspondence ending with the Chikballapur Sub Division officer's yadi no.1546 dated 19th June 1911, is herewith submitted for reference. The old mantap and the ground required by the petitioners for constructing a new chattram is shown in the enclosed plan.

To

Sir,

Adverting to your letter No.1603/Muz.54-16-2 dated 2nd January 1917, calling for certain additional information relating to the construction of a chattram for the use of Vaisya community during the jatra of the Sri Bhoganandiswaraswami temple ~~at~~ in the Chickaballapur Taluk, I have the honor to submit herewith the statement given by one Rachaiah Chetty, before the Amildar of Chickaballapur, from which it will be seen that the mantap in question was in the possession of one Vugalavadi Narasimhaiah of Vadigenahalli, who was then the Yajaman of the Vaisya community and that he is however unable to produce any authenticated authority in support of his statement at this distance of time.

2. The mantap in question though attached to the Prakaram of the Temple, is exclusively unconnected with the precincts of the temple and forms part of the outer parkaram. As the mantap and the adjacent site are in the possession of the Vaisya community for over a century it is unfair to disposses them of the same. As a large number of people resort to the place and conduct Santarpane among their community and accommodate hundreds of persons with their families, I think the mantap and the site in question may be given over to the community in order that they may construct a chatram thereon, as prayed for by the petitioners. These mantaps

are not required to be retained for temple purposes.'

3. The improvements to the Prakaram of the temple are in progress and the surplus savings of the balance at the credit of the Institution is hardly sufficient to meet the requirement of the temple. The delapidated mantap and the kitchen adjacent to it, cannot at present be improved out of the temple funds.

4. Under these circumstances, I request that you may be so good as to obtain sanction of Government to the petitioners prayer, as already recommended in my letter No.H.C.131 dated -- 12th July 1916.

5. The vernacular file together with the plans received with the above, is herewith/re-submitted for reference.

"The temple of Bhoganandeeswara was again visited at the request of the Vaisyas with a view to arrive at a settlement of their claim to erect a Chattram on a site situated inside the temple premises. The site appears to have been in their possession for a long time past, but there is no doubt that it forms part of the temple and it would be highly objectionable in the interests of sanitation to allow a private Chattram to be constructed at the place leading to overcrowding and dirtying the premises at the time of Jatra. Further, there is hardly room enough to give housing accommodation to the very large number of Vaisyas who usually attend the Jatra and the overflow will naturally seek accommodation inside the temple. These drawbacks were brought to the notice of the people assembled and they were told that if they should select any other place outside the temple premises the question of its grant, if need be at the temple expense, would be favourably considered. They seemed to agree to this suggestion. (~~The connected file which is pending disposal will be separately submitted for orders.~~")

Letter No: H.C.301 dated 11/12th July 1919, from the Sub Division Officer, Chikballapur Division, to the Deputy Commissioner, Kolar.

-----:000:--------

With reference to your H.C.No: 131/16-17 dated 26th April 1918, forwarding the extract from the inspection notes of the Joint Secretary to Government, Muzrai -- Department, regarding the construction of a chattram by the Vaisyas outside the premises of Sri Bhoganandeeswara swami temple, I have the honor to state that the Amildar to whom the records were forwarded for necessary action has convened a meeting of the principal vaisyas and has selected a site for the construction of a new chattram by them. A rough sketch showing the site selected with its relative position to the temple premises and also the statement given by the vaisyas is enclosed in the records for kind perusal.

2. I inspected, this day the above said site and the mantap and building in the temple now used by the Vaisyas in company with the principal vaisyas and discussed the point with them. The vaisyas are now using a mantap and its enclosure on the left side of the Mahadwara within the temple itself as a chattram for the use of their community. This is found by the Joint Secretary to be highly objectionable not only from the view point of sanitation but also as the said building forms a part of the temple premises and has no sufficient housing accommodation to the large number of vaisyas that are present at the time of the Jatra thus leading to overcrowding and as the overflow will eventually seek accommodation inside the temple. I fully concur in the above opinion of the Joint Secretary.

3. The vaisyas claim no title to the present mantap and its enclosure. They agree to hand over the same to th temple as it forms a part of the temple, but they pray tha they may not be dispossessed till the proposed site is

acquired and given to them and they are allowed to complete the construction of the new chattram thereon.

4. The site now selected is situated by the side of the Kolar-Bowbur road as shown in the sketch enclosed. The vaisyas agree to construct a very handsome structure on the site provided the same is acquired and given over to them. I find this to be the place ~~for the place~~ for the chattram and it is also unobjectionable in every respect.

5. Seeing that the vaisyas are in possession of the mantap and its enclosure from a long time, it is not fair to disturb them till we acquire and give them the proposed site and allow them to complete the construction of the new chattram thereon.

6. I request thaerefore that orders of Government in the Muzrai Department may kindly be obtained in the matter of the acquisition of the proposed site in Nandi and handing the same over to the vaisyas to enable them to build a chattram thereon. The entire file of vernacular correspondence is enclosed.
